

Did you know that Anniston City Schools Child Nutrition Program offers free breakfast every school day?

- Eating breakfast can help improve math, reading, and standardized test scores.
- Breakfast helps children pay attention, perform problem-solving tasks, and improves memory.
- Studies have shown that children who eat breakfast on a regular basis are less likely to be overweight.
- Eating breakfast as a child is important for establishing healthy habits for later in life.

Encourage your child to come eat a healthy, well balanced breakfast each day at school.

Tasty food served every day!!
